ERHARDT MEDITERRANEO

EXCELLENCE
In Maritime Services

Who we are

Erhardt Mediterráneo, S.L. is a leading company in maritime, port and logistics services in the Southeast of Spain.

The company was established at the end of 1994 as a jointly Investee Company by two important groups of the maritime sector, Erhardt and Marmedsa Noatum Maritime.

Terminal Marítima de Cartagena, S.L., a subsidiary of Erhardt Mediterráneo, S.L., is, at the same time, leader in loading/unloading services and storage of general cargo, bulks and containers in the port of Cartagena (Murcia).

Erhardt Mediterráneo, S.L. has a team of dynamic and young collaborators, with great preparation and professionalism and its business idea consists in offering transport solutions or competitive and high quality logistics to meet the needs of companies from all kind of industries and sectors.

Ships Chartering

Erhardt Mediterráneo offers a fact-checked experience in chartering for all type of ships both for complete and partial loads, special projects, oversized loads, etc. We provide our customers with the possibility of hiring vessels in "time charter" and / or "voyage charter" according to their individual needs. Thus, we can offer the most competitive charters and ships following your requirements.

Ships Agents

We have a wide experience in the attention and dispatch of all kind of ships (tanks, bulk carriers, container ships, cargo ships, passenger ships, tugboats, technical scales, etc.) as well as their crew. We will be happy to provide to you our services, always following your instructions. Please do not hesitate in contacting us if you would like to receive a disbursement account pro forma and / or any other requirement you may have.

Customs

We have the most advanced IT resources. The EDI connection with customs allows us to draft any customs document from our own offices, accelerating the delivery times of the goods to our customers.

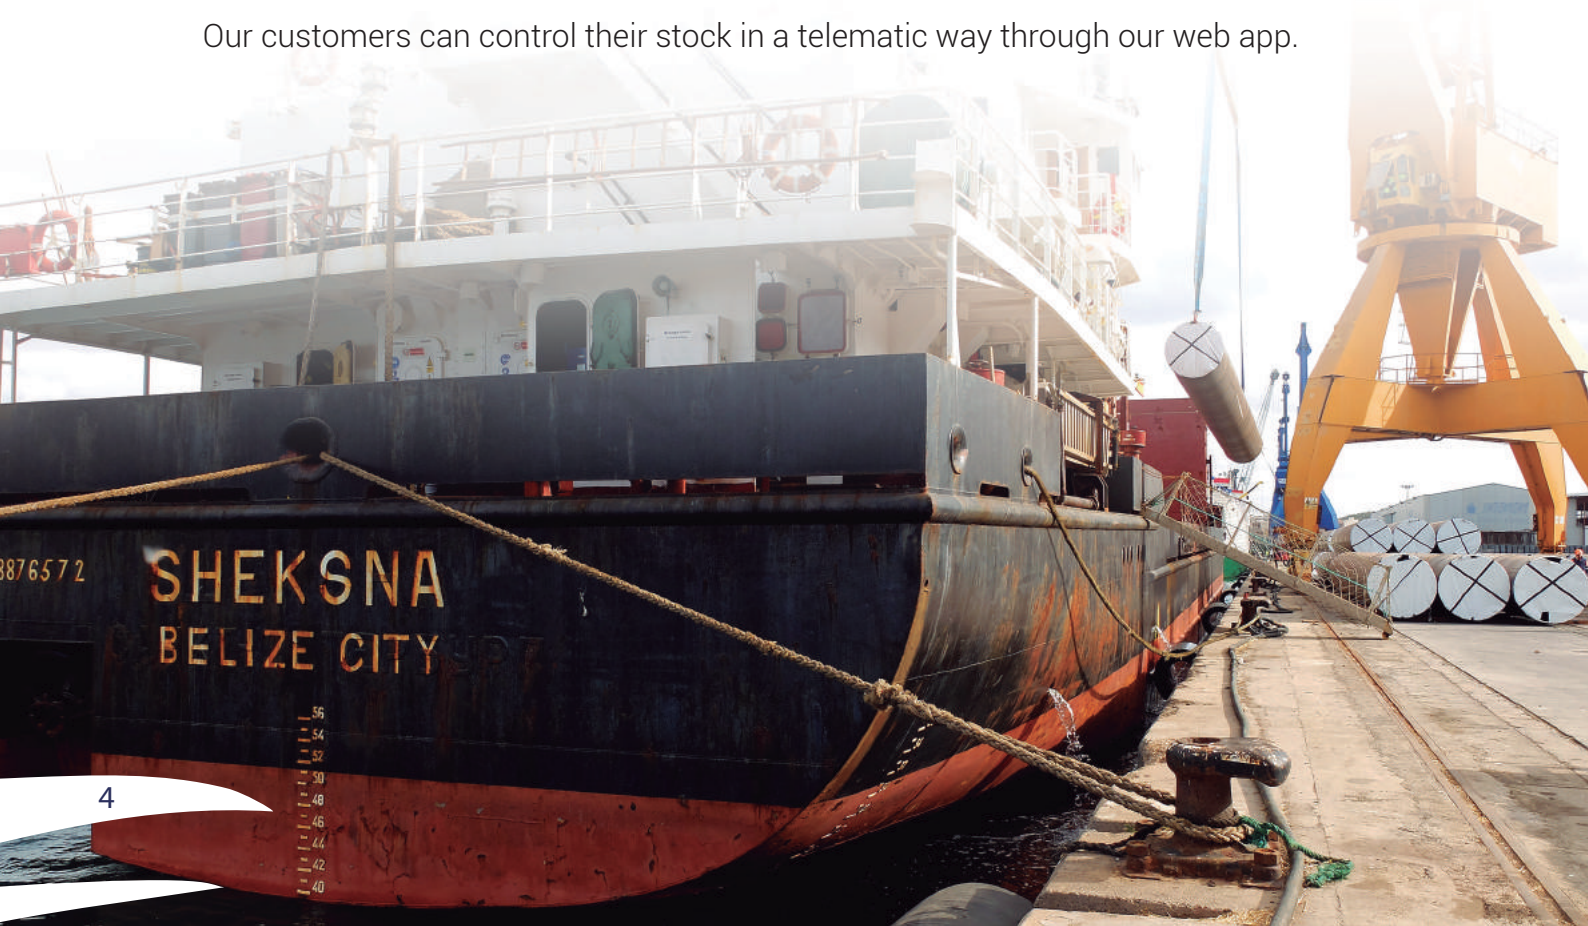
We also have a Public Customs Warehouse (DAP) and Other than Customs Warehousing (DDP) of 6000 m^2 located within the Port of Cartagena, 40 m away from the quay. We can perform linkages and perform sales and manipulations within the warehouse.

Ships Stevedoring

We have the best technical and human means to perform loading and unloading operations for all type of goods in the Port of Cartagena.

We also offer storage services for general and palletized goods.

Our customers can control their stock in a telematic way through our web app.



Warehousing

We have a covered warehouse of 6.000 m^2 in the terminal of San Pedro with the following characteristics:

- Dimensions of 6.000 m^2 with 6 double side gates of 15 m
- Floor resistance: 40 tons / m^2
- Overhead travelling cranes of 40 and 16 tons
- Electronic scale (VGM)
- Custom-authorized as Public Customs Warehouse (DAP), Other than Customs Warehousing (DDA), Temporal Deposit Warehouse (ADT) and Warehouse Authorized for Export Goods (LAME)

Project Cargoes / Special Transports

We offer a service of logistics coordination and the transport of heavy-duty pieces to/from any location around the world.

This coordination includes:

- Preliminary studies in order to provide the most suitable means of transport, both on an economical and quality of the service point of view.
- Project tracking by monitoring and ensuring the adequate realization of the same.
- The necessary logistics services for each transport / project:
  - Transportation to/from port.
  - Goods classification.
  - Loading and unloading operations at the origin and destination.
  - Hiring of maritime, land and/or air transport.
  - Issue of all the necessary documents.

Container Services

We offer all type of maritime container-related services in the Port of Cartagena.

- VGM of containers. SOLAS.
- Land transport and container distribution
- Cross-docking of containers
- Loading and lashing of containers
- Installation of liner bags / flexitanks in the container
- PIF positioned of the container
- Assistance in container inspection
- Reefer terminal for refrigerated containers
- Container cleaning
- Container repair

Other Services

- National and international transits
- Transport insurance
- Containers sell
- Booking agents
- Documentation service
